

REQUIREMENTS FOR ELECTRONIC SUBMISSION OF ABSTRACTS

DEADLINE: Monday, September 12, 2022, 11:59 PM EDT

PRESENTATION FORMATS

This year the Society will again be accepting abstracts for oral presentation (Full and Mini). Submissions may be assigned to either a full oral or a mini presentation timeslot.

Again in 2023, SCVS will be using a poster format where all accepted posters will be presented electronically in an e-poster format. Further correspondence will be sent regarding formatting of the e-poster file and how to send the file at a later date. Please note; if accepted, a printed copy of the poster will not need to be produced. Submission of your poster description will remain the same as in previous years.

AWARDS/COMPETITIONS

PETER B. SAMUELS ESSAY AWARD COMPETITION

The Peter B. Samuels Award winner will receive a \$1,000 Cash Award, reimbursement for round-trip coach airfare travel to the meeting, complimentary registration and 2 night's hotel accommodations at the host hotel.

- This competition is open to medical students of a University or Affiliated Hospital, residents in a Surgical or Vascular Surgical Residency or fellows in a Vascular Surgery Fellowship. Open to training programs in the United States or Canada only.
- Submissions for consideration must be original papers on a subject related to vascular surgery that have not been previously published nor presented at a regional or national scientific meeting.
- Abstracts may be based on either experimental or clinical observations, or may be analytical, based on analysis and review of previously published data on the anatomy, physiology, pathology, biochemistry, or genetics of the vascular system and its disease.

*Finalists for this award will be notified and must submit an electronic copy of their manuscript to the Society's office by January 9, 2023. You may indicate your interest in being considered for this award, by checking the appropriate box during the abstract submission process.

ALLASTAIR KARMODY e-POSTER COMPETITION

First Round winners will each receive a \$500 cash award.

The Karmody e-Poster Competition winner will receive an additional \$500 cash award.

- The competition is limited to Fellows, Residents and Medical Students.
- Submissions must be original papers on a subject related to vascular surgery that have not been previously published nor presented at a regional or national scientific meeting.
- Abstracts may be based on either experimental or clinical observations, or it may be analytical, based on analysis and review of previously published data on the anatomy, physiology, pathology, biochemistry, or genetics of the vascular system and its disease.
- An author can only present one paper for the competition. Additional papers must be presented by another author.

For 2023 the Karmody e-Poster Competition session will still include 2-rounds with Round One taking place electronically and will be presented on a 55" plasma screen in replacement of the traditional poster boards. The second and final round will be Oral Presentations from the podium of 3 minutes presentations/2 minutes discussion. ***Please note, only medical students, residents and fellows are eligible for the Karmody Poster Award.***

* You may indicate your interest in being considered for this award, by checking the appropriate box during the abstract submission process. **PLEASE only select the Karmody award box if you are eligible.**

ABSTRACT PREPARATION/SUBMISSION INSTRUCTIONS

- Abstracts are to be authored, co-authored, or sponsored by a member of SCVS, and limited to 375 words.
- Abstracts must be submitted electronically at <https://tinyurl.com/SCVSSubmission22>. The deadline is September 12, 2022, 11:59 PM, EDT.
- Abstracts may be submitted for any of the following presentation formats:
 - Oral, Mini or e-Poster
 - e-Poster presentation only
- All abstracts must be structured using the following section headings *or they will not be accepted*:

OBJECTIVE – A brief statement of the purpose of the study and the current state of research in the field.

METHODS – The methods of study or experimental approach clearly, but briefly, defined.

RESULTS – A summary of the results of the study, including sufficient details to support those conclusions. These may be presented in a brief table.

CONCLUSIONS – A statement concerning the significance of the work and its possible implications for future research.

- One table, image or figure may be used within your abstract, and counts for 25 words.
- **No Institutional identifier should be made in the title or within the body of the abstract. Doing so could jeopardize an acceptance to the program.**
- Accepted abstracts will appear online and within the Society mobile app as submitted.
- **Please note Case Reports (report on 1-3 patients) must be submitted under the Case Submission Portal. Case reports submitted under the Abstract category will not be considered.**
- **Acceptance by the program committee and agreement by the author to present for full oral presentation at the Annual Meeting signifies that the author(s) acknowledges the requirement to submit a full manuscript for consideration to the *Journal of Vascular Surgery*, the official journal of the SCVS, and will comply. Any exceptions must be approved by the SCVS Recorder. If this is not done then the SCVS reserves the right to limit submissions to future meetings. Abstracts accepted by the *Journal of Vascular Surgery (JVS)* will be published in the spring.**

ABSTRACT CATEGORIES

To facilitate grading/scoring, abstracts are to be submitted in one of the listed categories. There is no quota for any category.

- Aortic-Thoracic / Aortic-Thoracoabdominal
- Aortic-Abdominal
- Cerebrovascular
-  Collaboration
- Dialysis
- Education/Training
- Imaging
- Medical management of vascular disease
- Miscellaneous
- Peripheral Arterial Disease
- Venous
- Visceral/Renal

New for 2023 Annual Symposium – Collaboration Abstract Category

To promote collaborative efforts between SCVS members, we will be accepting abstracts for special consideration to the 2023 meeting.

Collaboration Abstract Category:

- 3 or more SCVS members
- Original abstract
- Encourage multi-institution experiences
- Priority will be given to papers not derived from large national databases

DISCLOSURE REQUIREMENTS

One of the founding principles of SCVS is the acknowledgement of interaction between industry and surgeons to facilitate rapid development of technology for vascular surgery and the treatment of vascular disease. In that endeavor, a surgeon may become financially involved with the company that translates his or her idea into reality. SCVS does not object to that relationship, but requires that all those submitting abstracts and presenting papers disclose financial or consulting relationships with companies that may be involved with production or marketing of technology being discussed. The need for disclosure extends to unrestricted laboratory grants. In addition, any off-label use of an FDA-approved product, or any use of a non-FDA approved device must be disclosed.

When you complete your abstract submission, you will be required to complete relevant disclosure information for all authors.

COMMITMENT TO PRESENT

Submission of an abstract constitutes a commitment by the author(s) to present if it is accepted. Failure to present, if not justified, will jeopardize acceptance of future abstract submissions. Only the primary author or a co-author may present the accepted abstract at SCVS 2023.
